Alex/Jessica

Immediately stop using these cribs and contact C & T to order a free immobilizer kit at:

www.candtinternational.net or (877) 791 – 9398

Important Message from CPSC:

CPSC would like to remind parents not to use any crib with missing, broken, or loose parts. Make sure to tighten hardware from time to time to keep the crib sturdy. When using a drop-side crib, parents should check to make sure the drop-side or any other moving part operates smoothly. Always check all sides and corners of the crib for disengagement. Any disengagement can create a gap and entrap a child. In addition, do not try to repair any side of the crib, especially with tape, wire or rope.

Post until (120 days) until SEPTEMBER 3, 2010
